Voluntary Contributions

(School Education Act 1999 - Section 99)

Money collected will be used to supplement school expenditure in the curriculum learning areas. While the contributions are voluntary the quality of our teaching and learning program will be maximised when each family makes its contribution to the cost of supplementing funding gained from other sources, including the State and Commonwealth governments. The voluntary contributions made by families are highly valued by the South Lake Primary learning community. Your contribution will be used to supplement school funding for the purchase of resources needed in the provision of the learning program activities.

Please Note - We understand the cost-of-living increases have put pressure on many families and we are happy to work with you to arrange a payment plan if required.

Please contact the Manager Corporate Services – Tanya.Redfern@education.wa.edu.au – to discuss options.
(All details will be kept with the strictest confidentiality.)
